

Other FAQ's

Q: How can I make a consulting appointment?

A: Click on the side bar, STATISTICAL CONSULTATION, then click on the “click here” under “How to get statistical consulting help.”

Q: How does this cost?

A: Limited free consulting is available for faculty, staff, and graduate students working on research projects. Contract work can be done for a negotiated fee.

Q: When can I expect to see my consultant?

A: We aim for contact by email within two business days to set up an appointment at a mutually agreeable time.

Q: Can I just walk in and see a consultant?

A: Walk in hours are suitable for brief questions, and we encourage you to make an appointment unless your question is very brief. By making an appointment, the consultant can prepare for your meeting and you won't have to wait in line for help.
